

# We are ND Paper

ND Paper is an environmentally-friendly company that manufactures a diverse range of **high-quality pulp, paper and paper-based packaging** materials. Established in the U.S. in 2018, ND Paper is a wholly-owned subsidiary of **Nine Dragons Paper** (Holdings) Ltd., the largest packaging and paperboard producer in Asia.

We are headquartered in **Oakbrook Terrace, Illinois** and operate three mills, as well as a regional office in **Dayton, Ohio**. We have approximately **\$2 billion** in sales, and production capacity of about 810,000 tonnes of paper (890,000 short tons) and 326,000 tonnes of pulp (360,000 short tons).

ND Paper serves a **global customer base** that includes retailers, publishers, packaging converters and commercial printers for paper needs, and manufacturers who require pulp. We are well-regarded as a **competitive and innovative** business, and known for our **experience, expertise and superior customer service**.

Our mills in **Biron, Wisconsin** and **Rumford, Maine** are integrated paper & pulp facilities, and our mill in **Fairmont, West Virginia** is one of only three in the world that produces air-dried, recycled pulp. A fourth production facility in **Old Town, Maine** will reopen in 2019 and produce unbleached kraft pulp.

We are proud of our **1,200 dedicated employees**, who together produce approximately 1.2 million short tons of pulp & paper annually. For information, visit us at [us.ndpaper.com](http://us.ndpaper.com).
